Settlement of the boundary dispute by the Dy Commissioner was evidently based on personal enquiry on the spot. It is however defective as there is no record of this settlement and one of the parties is not satisfied with it.

It is therefore necessary to go over the ground again and the Dy Commissioner requests that an officer of the Survey Dept may be deputed for the purpose.

R. K. G.

In view of the draft only received, I would ask the Dy Commr of I. & L. to forward the records of enquiry & decision of any in regard to settlement of the boundary dispute of the Deem Village in question. There is nothing to show that there was no enquiry.

O. C.

With reference to the copy papers received from the Dy Commr of Revenue Survey, the Dy Commr of I. & L. is requested to report forward any record of enquiry held & decision passed by the Dy Commr in the matter of the boundary dispute of the Deem Village of Vekapalli in the Kolar Taluk.

The Petitioners

In January 1892 a
petition was addressed
to this office by Shan
bhogantalli ryots
stating that about
10-12 Khandees of dry
land of their village
have been unjustly
included in Vitaphalli
by the Zoisars.

On the 24th Aug 1888 they presented a petition to Govt. to the above effect. The Dean the Supt of Rev. Sars was requested to

as to what steps had been taken in his department for the settlement of the boundary dispute in question.

No. 291 of 24.8.88

The Supt. of survey reported that the dispute in question had already been settled by the Deputy Commr. Kolar District.

No. 696 of 12.12.

The Deputy Commr. was then requested to forward any record of enquiry held and decision passed by him in the matter of the boundary dispute of godi Vitapalli.

O. M. No. 4229
196
of 26.7.90.

On receipt of the records from the Deputy Commr., Govt. directed the Supt. of Rev. Survey to cause a fresh enquiry to be made in regard to the boundary dispute of godi Vitapalli & decide the matter on its merits, inasmuch as

the settlement made by the Deputy Commr in 1886 did not appear to have been agreed to by the joddars & the decision of the Deputy Commr did not contain sufficient particulars to shew whether the dispute had been properly settled or not.

$\frac{1022}{16}$ of 24.4.91

The petitioners also were referred to the Supt of Rev Survey accordingly.

The Survey Supt has forwarded to this office the proceedings shewing the fresh enquiry and settlement of the boundary dispute between Vitapalli and adjoining villages in the Kolar Taluk, by Mr K. Rama Swami Engineer Asst Supt of Survey. The Supt has further solicited instructions as to whether

no 6489 9.11.92

Mr Ramaswami Zenger's
settlement should be
accepted as final.

With regard to the
boundary dispute between
Jodi Vitapalli and Govt
Village Manigutta and
Jodi Gangarasankalli
of the Kolar Taluk, —
Mr K. Ramaswami Zenger
Asst Supt of Survey states
that the whole of the
area in dispute measuring
179 acres 12 guntas was
given to the Govt Village
(Manigutta)^{by the Dy Commr}, after holding
an Enquiry, although
there is no written order
on the subject, that
when a measurer was
sent to prepare a Takrar
naksha a Rajeenama
was executed by the Shan-
bhoy & some ryots of
Manigutta giving the
area to the South of the
points 2, 5, 6 on the
Takrar naksha to Vitapalli,
that Kondareddi Patel.

Memo no. I

(plan) attached to the
Memorandum no. I
(The claim of Vitapalli

line, that of the Govt
Village by a violet line
& that of Gangarasankalli

17

of manigutta subsequently
complained that the
above Raylenama
was executed in his
absence and his signature
was forged by interested
parties, that during
the enquiry the Shaubhoj
adhered to the Raylenama
and supported the claim
of the goaidars and that
it is very probable that
the Shaubhoj is in
collusion with the goaidars.

The Asst. Supt.
of Survey further states
that the goaidar bases
his claim for the disputed
area on (1) a list of
boundary stones drawn
up by two Shekoars in
1843 (2) a Taluk order
in which the boundary
stones mentioned in (1)
are reiterated (3) a list
of boundary stones drawn
up by Shaubhoj Venkata
in Rudhirogari and
(4) paimaish accounts
of the year Krodhana.

(2 & 3 not found)

18

that the above named document (1) cannot by itself confer any right on the goidra, inas much as it was drawn up by such low paid officials as thekoars in 1843 apparently in the absence of disputing parties, that document (2) cannot be taken as final since there was no reference in it to Ganganarasi which had also then a dispute with Vitapalli, that (3) cannot be believed inas much as it purports to be a list of boundary stones drawn up by a Shambhoj without stating under whose orders & why it was drawn up, that (4) also cannot be relied on since it does not bear the signature of any responsible official and that by a reference to the Zulam Register of the village it will be seen that no old measurements were available.

at the Suam Settlement and the previous measurements were not then accepted.

The Asst. Supt. also states that at point 5 on the Takran naksha there is a mound which the godidar identified with the ruins of an old temple referred to in docs nos 1 & 2 respectively relied on by the godidar but on examination no foundations or walls were found, that at point 2 there is a boundary stone lying to which no significance can be attached since it is easy to place such stones in favourable situations and that under all the above circumstances he is of opinion that the exclusion of the disputed area from the godi village by the Dy Commissioner is proper.

With regard to the

~~and~~ claims of Gangarasa
halli the Asst. Supt.
states that the disputed
area was adjudicated
to it by Mr. Nasirudeen
Asst. Inam Asst. Commr.
that this settlement was
not confirmed by the
Inam Commr. and the
dispute was referred
to the Survey Dept. that
the godidars of Gangarasa
halli have failed to
adduce any documentary
evidence in support of
their claim and that
he would therefore adhere
to the decision of the
Deputy Commr.

With regard to the
boundary dispute between
the Govt. village Shan
- bhoganhalli and godi
vitapalli the Asst. Supt.
of Survey states that
the area in dispute is
63 acres 21 g, that when
the Govt. village was
measured in 1886 the
whole of the area in
dispute was included
in it according to the

Memo no. II

Takrar naksha
accompanying the memo
(The claim of the Govt.
village is shown by a
yellow line & that of
the godi village by a
light blue line)

decision of the Dy Commr
 that when a measure
 was sent to make a
 Takrar naksha the
 Shambhoj and the Patel
 of the Govt Villay
 executed a Rajeen and
 giving the whole of this
 land in dispute to the
 Jodi Villay, that the
 ryots thereupon complai-
 -ed that the villay
 servants were in collusion
 with the Jodiar, that
 the conduct of the villay
 servants is highly suspicious
 that the Jodiar bases
 his claims on the four
 documents above refer-
 to and on the akshia
 and the Rudiroogari
 painaishi accounts
 of the Govt Villay, that
 in these accounts the
 boundary between the
 villay & Vitapalli
 is stated to extend
 from a point on the
 banks of the "halla"
 shewn on the Takrar
 naksha to a boundary
 stone with letters cut

and thence to Karikal 22
Hutten bande, that the
godidar alleges that
point a is the one
referred to in the Paimaish
accounts although there
is no boundary stone
at this point, that
at point c there is how
ever a "bande" which
the godidar identifies
with Hutten bande of
the Paimaish accounts
& that the "bande" at
c is one that was likely
to have attracted notice
at the Paimaish.

The Asst. Supt. further
states as follows:-

" Relying on the Paimaish
accounts of the Govt. village,
believing the natural
bande" at c as the
natural boundary
referred to in the accounts
and taking into consi-
deration the absence
of a "bande" at d along
ed fixed by the Dy Commr.

23

I beg to recommend
that the boundary
of the godi village
be fixed in the disputed
area along CE shown
by a red line by which
the godi village will
get 47 acres & the rest
will go to the Goot village.

In the absence of
any written reasons
for the Dy Commr's decision
I have proposed a
modification of it.

With regard
to the boundary
dispute between
Kristharapur &
Kayempthav village
and Goot Vitpalli
the Asst. Supt. states
that the Kayempthav
has executed a Raze
nama giving up
the whole of the
area in dispute
(13 acres) to Vitapalli.
that the Dy Commr
had included this
portion in Kristhar

Memo III

& Pakhar naksha
accompanying it.

rapapuna and that
the above Razeenama
may be accepted.
